THREADING

Threading Hair removal is an old age form that is practiced in India and the Middle East. Rows of stray hairs are removed from the root by twists of cotton thread. It is fast, neat and considered one of the less painful methods of hair removal. Irritation, redness and skin rashes are minimal as no products or heat is applied.

FACIAL TREATMENTS

CRYSTAL CLEAR OXYGEN FACIALS

The treatment is suitable for all skin types. A course of treatments will visibly plump out fine lines and wrinkles and hydrate the skin. Regular treatments will create volume within the bio-matrix of the skin and help stimulate cell regeneration, stimulating new collagen and elastin.

Results are obvious after the very first treatment. However, a client will notice further improvement in her skin several hours after the first treatment. The use of the jet of oxygen along with the active ingredients contained within the serum provides an anti-bacterial effect to help prevent infections and bacteria, also helping to eliminate toxins trapped within the skin.

NEW CACI SYNERGY FACIALS

CACI SYNERGY LED REJUVENATION & LIFT

This facial combines our signature Non-Surgical facial toning with the skin rejuvenation benefits of both our Ultra and Ultimate treatments. It also introduces our breakthrough S.P.E.D Microcurrent LED technology which uses light therapy to enhance results providing the very best in CACI Non-Surgical Facial Toning. Ultrasonic peeling and orbital microdermabrasion are used to exfoliate leaving a brighter, smoother complexion. Microcurrent impulses combined with LED light therapy will then lift and tone the face and neck, followed by CACI's unique Wrinkle comb to target fine lines and wrinkles. After a course of treatments you can expect to see a more youthful and toned appearance with glowing, healthy skin.
